

USAID/Kosovo: What do these numbers mean?

| | |
|-----------------|---|
| Project Title | USAID/Kosovo: What do these numbers mean? |
| Project Summary | Conduct a comparative study to determine how different geographical parts of Kosovo are changing over time and assess USAID's impact. |
| Country | Kosovo |

Project Description

USAID/Kosovo has an exciting portfolio with several activities to help spur development in the private sector, education, and democracy and governance. USAID also funds several surveys and studies in Kosovo.

You will contribute to USAID/Kosovo's Monitoring, Evaluation, and Learning! Here are the tasks:

- Review USAID's portfolio and map the geographical reach of all activities;
- Compare the data of the Municipal Competitive Index over time (2011, 2014 and 2018);
- Analyze the changes that have occurred in each municipality and see how these changes relate to USAID activities in each municipality;
- Analyze data gathered by other surveys, identify anomalies and summarize the main implications;
- Identify data limitations and data gaps;
- Identify priorities or considerations for the future;
- Compile two reports and summary briefers;
- Compile a presentation with main findings.
